JOIN THE FRIENDS of Hartman Reserve for 2012

"A Hartman Summer" by Douglas Davis, Hartman's 2011 Artist-In-Residence.
Support for this new program was provided by a partnership between the Friends of
Hartman Reserve and University Book & Supply.

The Friends of Hartman Reserve was formed in 1986 to support the quality educational, recreational, and natural resource programs and projects that Hartman provides.

Our Commonly-Held Vision

Preserving, managing, and restoring the natural area to encourage native diversity

Providing recreational and leisure opportunities with respect for the environment and natural heritage

Promoting better public awareness, understanding, and appreciation of our environment through education

Expanding Hartman's ability to adhere to and carry out its mission

Pursuing and providing opportunities for community involvement

Funds from our membership drive, special events, and generous donations of time and supplies from many members have allowed us to serve Hartman Reserve Nature Center and our community **in the following ways:**

Provide Opportunities for Community Involvement

The new Love Memorial Bridge was built by Friends members and Cedar Falls Rough Risers Kiwanis Club.

Offering volunteer opportunities in natural resource management, programming, special events, maintenance, and much more. Strengthening the community with local partnerships and outreach.

Promote a Better Understanding of our Environment through Education

Providing books, supplies, and staffing for programs, including Nature Tales Story Hour, School Field Trips, Summer and Spring Break Camps, Adult and Youth Public Programs, Artist-In-Residence, among others.

Manage and Protect a Unique Natural Area

Continuing to reforest disturbed areas, maintain existing prairies and establish new ones, regenerate oak trees, and place nesting boxes and other structures for wildlife.

Create Recreation Opportunities

Expanding activities such as snowshoeing, skiing, fishing, canoeing, kayaking, bird watching, maple syrup making, special events, and maintaining hiking and biking trails.

New snowshoes were purchased with funding from the Friends and Prairie Rapids Audubon Society.

Yes, I want to be a FRIEND!
